

| Sr. # | Description/ Specifications   | Quantity   | Unit weight (Kg) | Total weight Kg | Unit Price USD/Kg | Total Price USD |
|-------|---|------------|------------------|-----------------|-------------------|-----------------|
| 1.    | <b>Hastelloy (C-276) Pipes</b><br>ASTM B319 UNS N10276<br>Schedule 40S, Seam Welded, Plain ends, 20 ft. per length fixed.<br>Diameter as mentioned below: |            |                  |                 |                   |                 |
| (i)   | DN – 40   | 02 Lengths | 27.291           | 54.582          |                   |                 |
| (ii)  | DN – 80   | 05 Lengths | 76.069           | 380.345         |                   |                 |
| (iii) | DN – 150  | 01 Lengths | 190.474          | 190.474         |                   |                 |
| 2.    | <b>Covered Welding Electrode AWS A5.1/A5.1M, ENiCrMo-4, UNS W80276</b><br>Size as mentioned below:  |            |                  |                 |                   |                 |
| (i)   | 2.4 x 350 mm  | 30 Kg      |                  | 30              |                   |                 |
| (ii)  | 3.2 x 350 mm  | 50 Kg      |                  | 50              |                   |                 |
| 3.    | <b>Filler Metal Wire AWS A5.14/A5.14M, ERNiCrMo-4, UNS N10276</b><br>Size as mentioned below:   |            |                  |                 |                   |                 |
| (i)   | 2.4 x 1000 mm   | 30 Kg      |                  | 30              |                   |                 |
| (ii)  | 3.2 x 1000 mm   | 50 Kg      |                  | 50              |                   |                 |

**Notes:**

- (i) Material should be free of corrosion, erosion, pitting and other defects.
- (i) Original MTC/CMTR as per EN 10204/3.1 and all test reports i.e. Mechanical Tests and Chemical analysis must be provided along with supply.
- (iii) Each item should be marked with manufacturer's name/size/brand/heat number.
- (iv) Technical literature or analysis report in English.
